

# BLOCK 4 *cont.*

Use the cuts and completed segments to assemble in numerical order (**See Fig 65**).

You should now have TWO complete segments as shown. Trim each to unfinished size 11.5" x 6.25" (**See Fig. 66**). Press

## LOWER BODY SECTION 1

To complete the LOWER BODY SECTION 1, you will need to gather the fabric cuts made according to the cutting instructions on pages 2-9.

### FABRIC

|                      |                       |
|----------------------|-----------------------|
| (D5) 4" x 6.25" (2)  | (J13) 4" x 1.25" (2)  |
| (E5) 4.25" x 7" (4)  | (S2) 1.5" x 4.25" (4) |
| (J3) 1.5" x 1.5" (4) | (S3) 2" x 1.5" (2)    |

11. Use the cuts to assemble in numerical order (**See Fig 67**).

You should now have TWO complete segments as shown. Trim each to unfinished size 11.5" x 8" (**See Fig. 68**). Press

## FINISHING BLOCK 4

You now have all the necessary components to complete TWO Block 4. You will need to gather the completed components and fabric cuts made according to the cutting instructions on pages 2-9.

**PLEASE NOTE:** We will be assembling the UPPER BODY 1 and LOWER BODY 1 sections a little differently, using the black belt cut to join the upper to the lower sections together before adding the other completed components to complete the block.

You will need to gather the completed components and fabric cuts made according to the cutting instructions on pages 2-4.
