

# POCKETS *cont.*

## LONG INTERIOR POCKET PAGE ASSEMBLY

Now you need to grab the long interior pocket page that you quilted and completed in Step 8 on page 6. This will be the base for the 4 different pages that you are going to create.

23. Begin by gathering the clip flaps that you completed in Step 18 on page 7. You will need to mark center on your long interior pocket page by placing a pin for reference. We will be placing the clip flaps at the top section of the page.

24. Leave **1"** at the top and place your first clip flap, raw edge up on top of the long page. Continue placing the other two flaps, leaving a 1/8" gap between each flap (**See Fig. 10**).

25. Sew 1/8" away from each side to secure in place so it is easier when its time to attach the binding (**See Fig. 10**). The bottoms of each flap will remain unattached so you can place your sewing clips for convenient storage.

26. Now you will need the three clip flap facing strips that you completed in Step 22 on page 7. Place a facing strip over the raw edge of each previously secured clip flap, stitch in place and sew 1/8" from top and bottom of each facing strip as shown (**See Fig. 11**). Again, leave the bottom edges of the flaps unattached for clips.

## TOMATO NEEDLE MINDER

The bottom portion of this page will be used for the felt tomato needle minder. You will need to gather the following materials.

### FELT CUTS

4" x 4" (1) Dark Red felt square  
4" x 4" (1) Red felt square

### EMBROIDERY FLOSS

Light Pink - 3 strand (1 yard)  
Med. Red - 3 strand (1 yard)

### BEADS

Yellow Glass Beads (9)

### WONDER UNDER

(V) 4" X 4" (2)

27. Trace **Templates 3 and 4** onto the paper side of the wonder under. **DO NOT REMOVE PAPER BACKING.**

28. Press **Template 3** onto the back of the dark red felt.
